```objc
[UIApplication sharedApplication].networkActivityIndicatorVisible = YES;
[self myPromise].then(^(){
    //TODO
}).finally(^{
    [UIApplication sharedApplication].networkActivityIndicatorVisible = NO;
});
```

```objc
    id url = @"http://placekitten.com/320/320";
    id q = dispatch_get_global_queue(DISPATCH_QUEUE_PRIORITY_DEFAULT, 0);
    [NSURLConnection GET:url].thenOn(q,^(UIImage *image){
        NSLog(@"thenOn:%@",[NSThread currentThread]);
    });
```
